

**Elen Williams Leaving Statement at AGM 2 March 2017**

I have just presented my financial report to you – to me that is the worst part of the job. You may have picked up on that! I prefer to be working in the background.

I have enjoyed my time as treasurer, there have been some interesting moments, have met many people in my role and got involved with many projects and events that the Flintshire U3A have put together. It has been good to see the FU3A grow and develop over the years until we now have over 700 members. I appreciate the trust placed in me to take care of all the funds. I have spent thousands of £ on your behalf during the past 6 years as your treasurer.

I would like to thank everybody for their support and co-operation in the implementing of certain measures that I have introduced. And thanks to all the committee and Officers for their very valued support throughout, and very best wishes to my successor.
